

Occupational Therapy

The Benefits

Inclusion relieves the heavy demands on your Occupational Therapy department's waiting lists, human resources and budget.

Inclusion maximises independence and functional ability in the home environment for any individual or group.

Inclusion restores or improves your capacity to work, whether the loss of function is physical, psychological or a combination of both.

Inclusion's early and strategic intervention can significantly reduce the human and financial costs of absence.

Occupational Therapy

The Facts

Our Occupational Therapists have worked for over 15 years in fieldworker and management roles for social services, orthopaedic, mental health, neurology, housing, mobility, vocational rehab, acute adult mental health, paediatrics, orthopaedics, telecare and litigation fields.

Inclusion is committed to working with current legislation and guidance governing local authority social care services. We provide a service package of the highest quality, tailor made to your specific requirements.

Our recent client list includes numerous local authority Occupational Therapy (OT) departments spread throughout London and the southeast, most recently Kent County Council OT Bureau & Paediatric Services as well as LBN Social Services.

**“inclusion enables people
to be independent”**

Disability Discrimination Act 1995 (DDA)

The Benefits

Inclusion ensures accessibility, identifies barriers, measures usability and provides options for improvement.

Inclusion's specialist knowledge of the issues surrounding disabled people will save you money and increase your potential income.

Inclusion's design philosophy will improve customer and staff satisfaction and loyalty.

Inclusion provides property access solutions, which help meet your responsibilities under the DDA.

Inclusion's training of employees to provide equal access will improve your customer service.

Inclusion's advice will not only affect people with disabilities, but also have an enormous benefit and reward for everyone by improving accessibility.

Disability Discrimination Act 1995 (DDA)

The Facts

The DDA applies to anyone who provides a service to the general public - whether it is a small corner shop, care home or large Multinational Corporation.

Inclusion will map a journey through your business, as taken by a disabled person, to ensure that you are aware of all of your responsibilities and options under the DDA.

All our access auditors have at least 10 years experience of working in the fields of disability, access and construction. They attend regular training to ensure they are up to date with all relevant legislation & guidance.

Our recent clients have included the Royal London Society For The Blind, Tunbridge Wells Borough Council, Kent County Council and The Arab National Bank.

“A DDA access audit will save you money & increase your potential revenue”

DDA Access Equipment and DDA Training

The Facts

Inclusion can supply leading property access solutions including Signage, Hearing Induction Loops, Textphones, Fire alert systems, Door entry devices, Grab rails, Portable ramps and Wheelchair Platform Lifts.

We also provide accessibility guides designed to help businesses ensure the best service to disabled people and help meet their obligations under the DDA.

Inclusion also delivers cost-effective disability equality training for employees, which teaches them how they can best provide equal access to disabled people.

**“ Inclusion places
accessibility first ”**

Vocational Rehabilitation Services

The Facts

Vocational Rehabilitation is a process whereby those disadvantaged by illness or disability can be enabled to access, maintain or return to employment or other useful occupation (BSRM 2000).

“ Inclusion enables people to access, continue or return to work ”

Examples of the help we can provide are:

- Identifying alternative work options and transferable skills, with employers and medical consultants
- Graded return to work programmes
- Ergonomic workstation assessments
- Rehabilitative Case Management
- Functional assessments in cases of litigation
- Functional capacity evaluation
