## Ergonomic Workstation Assessments

“ ... the longer individuals are off sick,  
the longer they are likely to remain so ... ”

**Ergonomic workstation assessments are a vital part of the healthcare strategy for your company.**

Your workstations are a potential source of risk and liability and your employees deserve workstations that have been assessed by an expert.

**OUR ERGONOMIC WORKSTATION ASSESSORS** have worked for “Access To Work”, with over 10 years experience in various disability fields working as Occupational Therapists.

Contact Inclusion now for further details on how we can help you prevent unnecessary expense whilst ensuring your staff workstation & VDU health and safety needs are expertly covered.
